PROFILE

Highly motivated and detail-oriented 2nd-year student pursuing (link unavailable) Computer Science at Anna Adarsh College for Women, affiliated with Madras University. With a strong foundation in programming, I possess skills in Python, Django, and problem-solving. I'm eager to apply my knowledge and skills in real-world projects and contribute to innovative solutions.

WORK EXPERIENCE

STUDENT EXPERIENCE:
 Academic Projects, Anna Adarsh College for Women (2023-2025)
 *Contributed to group projects, developing strong teamwork and has joined in my department tech events.

COURSE EXPERIENCE:
 Data Analytics Course Project, Coursera (Google) (2025)
 * Analyzed datasets using Google's data analytics tools, demonstrating ability to work with data-driven projects.
 *Presented findings through interactive dashboards and reports, showcasing data visualization skills.

OBJECTIVES:
 To secure an entry-level position in a dynamic organization where I can apply my Python skills and passion for programming to contribute to innovative solutions.

EDUCATION

SCHOOL:
 ST. JOSEPH'S
 MAT.HR.SEC.SCHOOL

UNIVERSITY:
 PURSUING SECOND YEAR
 BSC COMPUTER SCIENCE IN
 ANNA ADARSH COLLEGE FOR
 WOMEN

SKILLS

- PROGRAMMING
- LANGUAGES: PYTHON, JAVA
- FRAMEWORKS:BASIC DJANGO
- DATA STRUCTURES
- DATA ANALYTICS
- POWER POINT
- PRESENTATIONS

LANGUAGES

ENGLISH,TAMIL

CERTICATE COURSE

Python course, gtech computer education
Data analytics course, coursera(Google)
